Dear Sir,

We have the privilege of introducing a prominent large Iranian company named "SINCO" engaged in manufacturing of various chemical fertilizers like sulphate, etc. and in other forms and substances with a capacity of 1 lakh ton per year spread over 30,000 sq. mtrs. It boasts of strong infra structure and possess the capacity to enhance its production to 2 lakhs ton per year. The produce of this company by using latest technology not only competes with other products like CORPAID and THIOFER available in the global market but also in certain cases is in better quality as compared to them.

The latest product of this company is very innovative. It's a product for anti freeze using herbal technology which is used in Horticulture and has passed the test mandated by the Ministry of Agriculture, Islamic Republic of Iran and is environment friendly.

Accordingly, it shall be highly appreciated if the detail of the above mentioned company is forwarded to the information of your esteemed members including printing the same in your publication. This mission may kindly be informed of the action taken. Details are as under:
