Dear Sir,

I have the pleasure in introducing the Steel Pipe Mills and Coating Association of the Islamic Republic of Iran which has various steel pipe manufacturing companies as its members who are active and famous in manufacturing of quality and world standard steel pipes used in Gas, Oil, and Hydraulic and Agricultural industry. The companies have high end technologies in laying of Gas, Oil and Water pipelines and have undertaken many turnkey projects overseas. The members companies have the capacity of producing more than 4 million tonnes of various steel pipes.

It shall be highly appreciated if the said information is disseminated and also printed in your regular magazine/publication for the benefit and use of your esteemed members. Those interested may directly contact the above mentioned Association for further details at the below given details:
